

# SP 2903 Trecepta

114 Days

- Very good stalks and roots
- Consistent ear size
- Very good dry down
- Trecepta® trait package

# Trecepta®

## Characteristics

|                   |   |
|-------------------|---|
| Early Growth      | 3 |
| Dry Down          | 2 |
| Roots             | 2 |
| Stalks            | 2 |
| Minimum Till      | 3 |
| Test Weight       | 3 |
| Disease Tolerance | 2 |

|                       |             |
|-----------------------|-------------|
| Plant Height          | Medium-Tall |
| Ear Height            | Medium      |
| Ear Type              | Semi-Flex   |
| Herbicide Sensitivity | Acceptable  |
| Population            | 30-36,000   |

### Herbicide Sensitivity

**Caution-GR:** Some sensitivity to the Growth regulator family of herbicides. Use with caution.

**Caution-PI:** Some sensitivity to the Pigment Inhibitor family of herbicides. Use with caution.

**Caution-SU:** Sensitive to the Sulfonylurea family of herbicides. Avoid using these chemicals.

Ratings scale: 1 = excellent, 2 = very good, 3 = good, 4 = fair, 5 = poor

## NOTES

 Before opening a bag of seed, be sure to read, understand and accept the stewardship requirements, **including applicable refuge requirements for insect resistance management**, for the biotechnology traits expressed in the seed as set forth in the Technology/Stewardship Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation and agreement to comply with the most recent stewardship requirements.

Bayer is a member of Excellence Through Stewardship® (ETS). Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. Commercialized products have been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this

product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

**ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS.** B.t. products may not yet be registered in all states. Check with your seed brand representative for the registration status in your state.

Refuge seed may not always contain the DroughtGard® trait. **IMPORTANT IRM INFORMATION:** Certain products are sold as RIB Complete® corn blend products, and do not require the planting of a structured refuge except in the Cotton-Growing Area where corn earworm is a significant pest. Products sold without refuge in the bag (non-RIB Complete) require the planting of a structured refuge. See the IRM/Grower Guide for additional information. Always read and follow IRM requirements.

Roundup Ready® 2 Technology contains genes that confer tolerance to glyphosate. Glyphosate will kill crops that are not tolerant to glyphosate. Insect control technology provided by Vip3A is utilized under license from Syngenta Crop Protection AG.
